PAINT REPAIR KITS

DETAILER 70

Proteam Detailers 70 paint repair system contains all 70 colours and all accessories in the highest volume, this system is meant for detailers or smart repair specialists that already have polishers, polishes, pads, and everything detailing related.

The Detailers 70 system is the perfect choise for professionals who don't want to comprimise. All 70 colours will give you the ability to take on all repairs that your customer throws at you. There will be some colour mixing, but much less then the Proteam Detailer 35 kit. And you can always expand this system with colours by manufacturer code ofcourse, for example, if you service a Ford dealership, you can get Ford specific colours that will bring down your paint mixing time.
