PAINT REPAIR KITS

DETAILER 35

The Proteam Detailers 35 system has 35 of the standars Proteam colours in the system, basically all colours are there but in less variaties then the Proteam Detailers 70 system. This Proteam Detailers 35 system will provide you with everything you need to do a great paint repair, but mixing the colours will take more time.

If you are thinking about offering paint repair on a professional level, this is the minimum system you want to purchase. And you can choose between the trolley and the case, that's up to you. And this Proteam Detailers 35 system can always be expanded with the Proteam upgrade kit to get all 70 colours into your assortment.
